Note: Spelling is crucial throughout the system. Things such as names, id's, and pnr's need to be remembered or written down if you are going to create your own users within the system. I will provide dummy data for each example, but you are welcome to create your own if you please. Lastly, there are many combinations of things you can do. I will only go over a few of them. Feel free to have fun with the system.

Main Menu: Here you can select what type of user you are and 5 to exit the system

```
~~~~~Welcome to SkyHigh Airlines!~~~~~
Select user type:
1. Passenger
2. Staff
3. Manager
4. Human Resources
5. Exit
Choice: |
```

Human Resources: If you select human resources, you will need to log into the account created at runtime seeing as my system only uses one human resources member (only case of this).

- Account: name is "Jane Smith" - staff id is "1000"

```
Human Resources Login:
1. Log in
2. Back to Main Menu
Choice: 1
Enter your name: jane smith
Enter your Staff ID: 1000
Login successful! Welcome back, jane smith!
```

Once logged in you can hire new staff members or fire existing ones. You can also view employee records and TSA details. Once a staff member is hired they become part of the system and their information can be used throughout. If fired it will have the opposite effect.

```
Hire Menu:
1. Hire Aircraft Manager
2. Hire Flight Manager
3. Hire Payment Processor
4. Hire Ticket Manager
5. Hire General Staff
6. Back to Main Menu
Choice: 3
Enter name of new employee: Mark Grayson
Enter age of new employee: 21
Enter Staff ID for new employee: 2121
Enter email for new employee: grayson.mark@gmail.com
Enter work number for new employee: 3214569876
Enter salary for new employee: 75000
Hired Payment Processor: Mark Grayson
```

```
Human Resources Menu:
1. View Employee Records
2. Hire New Employee
3. Fire Employee
4. View TSA Details
5. Back to Main Menu
Choice: 1
Viewing employee records...

```

Passenger: If you select a passenger, you can either create an account or log in. In this example I will create a passenger. If you create a passenger account make sure to remember the name and the pnr!

Or

<u>Dummy Passenger: name “Albert Wesker” - pnr “#A1005”</u>

```
Passenger Options:
1. Create Passenger Account
2. Log in
3. Back to Main Menu
Choice: 1
Enter your name: Kobe Smith
Enter your email: smith.kobe@gmail.com
Enter your PNR: #A7220

Creating passenger account...
Account created successfully for Kobe Smith with PNR: #A7220
A confirmation email has been sent to smith.kobe@gmail.com
```

Logging into the account I created…

```
Passenger Options:
1. Create Passenger Account
2. Log in
3. Back to Main Menu
Choice: 2
Enter your name: Kobe Smith
Enter your PNR: #A7220
Login successful! Welcome back, Kobe Smith!
```

Purchasing a Ticket…

```
Passenger Menu:
1. Book a Flight
2. View Tickets
3. Cancel Booking
4. Back to Main Menu
Choice: 1
Available Flights:
FL1001 - New York to Los Angeles at Gate A10
FL1002 - Los Angeles to Chicago at Gate B20
FL1003 - Chicago to Miami at Gate C30

5. Back to Main Menu
Choice: 4
Assisting passengers...
```

Manager: If you choose manager from the main menu, you will be directed to the manager log in menu. Once you log in you will be able to perform certain actions depending on what you log in as.

Dummy Aircraft Manager: id “1001” - department “Aircraft Management”
Dummy Flight Manager: id “1004” - department “Flight Management”
Dummy Ticket Manager: id “1002” - department “Ticket Management” *See Example*
Dummy Payment processor: id “1005” - department “Payment Processing”

```
~~~~~Welcome to SkyHigh Airlines!~~~~~
Select user type:
1. Passenger
2. Staff
3. Manager
4. Human Resources
5. Exit
Choice: 3

Manager Login:
1. Log in
2. Back to Main Menu
Choice: 1
Enter your Staff ID: 1002
Enter your department: Ticket Management
Login successful! Welcome back, John Doe!

Ticket Manager Menu:
1. View all Ticket Types
2. Update Ticket Prices
3. Create New Ticket Type
4. Back to Main Menu
Choice: 1
Viewing all ticket types...
Ticket ID: #T101, Class: Economy, Price: $600.0
Ticket ID: #T102, Class: Premium, Price: $960.0
Ticket ID: #T103, Class: Business, Price: $2000.0
Ticket ID: #T104, Class: First Class, Price: $4500.0
```

Remember: You are welcome to create your own data within the system. If you are creating a passenger do it through the passenger menu. If you are hiring new staff members or managers, do it through human resources. If you decide to create your own data I would recommend writing it down. For ease of usage you can use the dummy data provided.

```
Ticket Manager Menu:
1. View all Ticket Types
2. Update Ticket Prices
3. Create New Ticket Type
4. Back to Main Menu
Choice: 3
Enter new ticket ID: #T105
Enter new ticket type: Private
Enter price for Private: 8500
New ticket type created successfully!
